A screenshot of the Xcode interface. At the top, there's a header bar with a red 'x' icon and the text 'app-store'. Below this, there's a navigation bar with 'PROFILE' and 'production' tabs. To the right of the tabs, it says '2m 6s' and has a menu icon. A large white modal dialog is overlaid on the screen, containing the text: 'We use cookies to collect data and improve our services. [Learn more](#)'. Below this text are three buttons: 'Customize', 'Decline', and 'Accept'. At the bottom of the screen, the 'Job errors' section is visible, showing a red error message: 'Unknown custom build error. See logs for more information.'
